## About AJK

About AJK Established in 2007, in the rural area of Coimbatore, Tamil Nadu. AJK College of Arts and Science (AJKCAS) is accredited with A+ Grade by NAAC and ISO 21001:2018 certified new-age Co-educational Institution. It is recognized by UGC with 2(f) and 12(B) status and is affiliated to Bharathiar University, Coimbatore. It is built on core fundamentals to create and nurture a talent pool of youth focused on curiosity, creativity, critique, and character. The college follows a comprehensive curriculum and a learner-centric approach to teaching with emphasis on holistic development of its students.

## Why Forensic Science in AJK?

It is the first college under Bharathiar University to start undergraduate programme in Forensic Science.

The Department's primary goal is to develop students more knowledgeable and equip them to handle real-world crime situations by acquiring advanced cognitive abilities to connect disparate components of wrong doing and offer a conclusive judgement in the criminal justice system.

The three-year curriculum culminates in the awarding of a B.Sc. degree to the graduate. The students could continue on to post graduation and PhD in this area after earning their bachelor's degree.

## Get Involved in

- National Cadet corps (NCC)
- National Service Scheme (NSS)
- Bharat Scouts
- Entrepreneurship Development Cell
- Industry Institution interaction
- Rising Star Cultural Club

## Professional Mentoring

As a part of the curriculum, students are monitored and mentored continuously. Inculcation of good practices, ethics, values, moral, motivation and personal grooming are the key objectives of a mentor. With these initiatives, coupled with the deliverable as mentioned in the previous sections, we believe that global leaders could be created here.

## Career counselling & Placement Services

The career counselling service provides unbiased information, advice and guidance to help students understand themselves and the employment market. Later they are supported to plan and prepare for their future by developing suitable career related skills & knowledge. It aims to help students find the career that uses their unique skills & individual experience to the fullest.

## What is Forensic Science?

The programme offers educational requirements to students that adhere to industry-recognized benchmarks with in the field worldwide. Forensic science is a multidisciplinary field which deals with crime and investigation of crime based on the evidences and other relevant facts in the court of law.

This programme includes various applications of the field in the criminal justice system. This programme includes crime scene management, forensic chemistry & toxicology, forensic biology, forensic serology, DNA profiling, Ballistics, Impression analysis, questioned document examination, forensic medicine and digital and cyber forensics.

In addition to this, certificate course and internship are offered to the students. In recent days, crime is at an all-time high & getting worse every day and requires a fresh strategy to handle it and give the criminal justice system factual support. Studying many forensic science topics can provide a proper approach to crime detection and prevention
